

# DEPARTMENT OF ORAL & MAXILLOFACIAL PATHOLOGY AND ORAL MICROBIOLOGY

## 29<sup>th</sup> National Conference of Indian Association of Oral & Maxillofacial Pathologists

### FIRST CALL LETTER

### Maxillofacial Infections: Evolving Paradigms

11<sup>th</sup>, 12<sup>th</sup> & 13<sup>th</sup> November 2022

Pre Conference Courses: 10<sup>th</sup> November 2022.

Greetings & Regards from the Organizing team of 29<sup>th</sup> National Conference of IAOMP at Dehradun.

#### The Theme

Oral cavity is a microbial deluge with more than 700 bacterial species alone. Although maxillofacial infections have become less common in the post-antibiotic era, widespread irrational misuse of antibiotics and the development of profound immunosuppression in some patients has led to re-emergence of some known noxious infections with altered classic manifestations. As the COVID-19 pandemic has unfolded, there has been growing predisposition to super-infections. Conversely, oral health status could have a potential impact on the severity of COVID19 illness. The human immune defence system has been breached by the surfacing of novel resistant microbial strains with documented complications like airway obstruction, sepsis, mediastinitis, pleuritis, cavernous sinus thrombosis, necrotizing fasciitis, cerebral abscess and meningitis and ultimately death. Sadly enough, we as Oral Pathologists have neglected this area of Maxillofacial Infections and have been treating the same as a step child. Therefore, we must refresh our knowledge of the microbiology and handling of these maxillofacial infections. So, with the theme “**Maxillofacial Infections: Evolving Paradigms**”, we are enthused to expand our knowledge regarding the latest concepts of maxillofacial infections and their management. We welcome you with open arms and folded hands to be a part of this 29<sup>th</sup> National Conference of Indian Association of Oral & Maxillofacial Pathologists at Dehradun, Uttarakhand, which is going to be held from 11<sup>th</sup> to 13<sup>th</sup> November 2022 and give us a chance to showcase the hospitality of the Team Dehradun.

### The Host City

This will be the first time that the National Conference of IAOMP will be hosted in the hill state of Uttarakhand and that will not be the only reason to visit Dehradun. Carrying a fascinating history and intriguing mythology of Doon Valley, Dehradun is surrounded by high mountains and lush Sal forests. The city is a gateway to several popular hill-stations like Nainital & Mussoorie and pilgrimage sites like Haridwar and Rishikesh and is well connected with all major cities across India through rail, road and air.

### The Venue

Nestled amidst sprawling greens and hilly landscapes, Sarovar Premiere, Dehradun, is a grand hotel that offers a great getaway experience. This is one of the best hotels in Dehradun, situated on the Haridwar Bypass Road near ISBT, and just 20 minutes from the Dehradun railway station. It is the perfect blend of style and substance. The rooms come with panoramic views, splendid interiors, and fine amenities. The hotel also features banqueting venues to host great social and business events. Guests can breathe in mountain-fresh air on the expansive lawns and unwind at plush swimming pool.

### Swami Vivekanand Subharti University, Meerut, U.P.
