## Minutes of Annual General Meeting

Venue: Auditorium Hall, ITS Ghaziabad, Uttar Pradesh.

14th November 2025, Saturday Time: 3:30 PM to 7:15 PM

The Hon. President of IAOMP Dr. Sreeniwas Vanaki welcomed all the members in and called the meeting to order.

Hon. Secretary read out the agenda for the meeting.

To read and confirm the minutes of last AGM held at Kodaikanal and action taken on minutes and Hon. Secretary's report- to ratify and approve the projects as discussed at the EC meetings, to adopt and pass the audited accounts for the year 2024-25, any motion for change in the order of business, election of office bearers and members of the Executive Committee, any other matter with the permission of the chair.

The Hon. Secretary also placed an important table agenda which is regarding the discussion about our constitution and bylaws and to adapt it and discuss it before we discuss about the already passed audited accounts for the year 2024-25 and thanked the house for the same.

To be passed in Vijayawada AGM

He also mentioned that the minutes of the Kodaikanal AGM have been circulated and have been received by each one of us and he had invited modifications or alterations or suggestions. It was then passed and proposed by Dr. Jayanta and seconded by Dr. Sharada. Then further the action taken report was read out By the Hon. Secretary Dr.N.Gururaj.

## Action Taken Report 2024- 2025

From December 2024 till date, we have conducted five Executive Committee (EC) meetings and one Extraordinary General Meeting (EOGM). The following are the actions taken based on the proceedings.

1. Change of Bank
   The signatories have been duly changed and the new office bearers — Dr. Gururaj and Dr. Lalit Prakash — have successfully completed the process of changing the signatories in the Indian Bank.

2. Formation of Committees - The following committees have been constituted to strengthen the functioning of the Association:
   - Constitution Committee – under the Chairmanship of Dr. Alka Kale.
   - Journal Committee – under the Chairmanship of Dr. B. Sivapathasundaram.
   - Membership Growth and Updating Committee – proposed with Dr. Umesh Chandra Prasad as Chairman and Dr. Satish as Coordinator.
   - Finance committee: Chairman Dr. Chaitanyababu –

To be passed in Vijayawada AGM

3. Academic Activity Coordinators

    - Torch Activities – coordinated by Dr. Namrata Patil, who voluntarily agreed to serve as the coordinator.
    - CDE Programs and IAOMP webinars – coordinated by Dr. Leena Shankari.

4. Financial Support for CDE and Torch Programs
   For CDE Programs, an amount of ₹10,000/- will be provided to the organizing colleges upon submission of:

    - Proper bills (addressed in the name of the specific CDE program organizer),
    - A detailed activity report, and
    - Photographs of the conducted activity.

For Torch Activities, an amount of ₹5,000/- will be provided to the organizing colleges upon submission of similar documentation. Actual courier charges will be reimbursed after each event.

5. Revision of Author Charges (2025)
   The revised publication charges for the year 2025 were approved as follows:

    - Case Reports – ₹10,000 (up to 4 pages including images)
    - Original Research and Review Articles – ₹15,000 (up to 6 pages including one colour page)
    - Additional Pages or Images – ₹1,000 per page or image

To be passed in Vijayawada AGM

6. 22nd National PG Convention - Kolkata

   The 22nd National PG Convention was successfully conducted in June at Kusumdevi Dental College, Kolkata, under the Chairmanship of Dr. Jayanta Chattopadhyaya, in a very grand and well-organized manner.

7. IAOMP Representation at the Global Conclave on Health – New Delhi

   IAOMP's representation at the Global Conclave on Health in New Delhi further strengthened the Association's interdisciplinary presence.

   Our Association contributed meaningfully to a panel discussion on specialty innovations and the evolving frontiers of Oral Pathology, highlighting the discipline's relevance and advancements on a national platform.

8. Committee Deliberation – Good Standing Member Certificate

   A meeting was held with Dr. Renganathan, Dr. Alka Kale, Dr. Rajiv Desai, and Dr. Jaygopal Ray, along with the President, Secretary, and Treasurer of IAOMP, to discuss Dr. Smitha's request for a Good Standing Member Certificate on 8th january. The committee deliberated on the request and decided that the certificate shall be issued solely during IAOMP elections following the nomination called for.

9. Accounts verification

   In response to the repeated requests and queries raised by Dr. Chaitanya Babu regarding the Association's funds, the bank statements and related financial documents were made available

To be passed in Vijayawada AGM

for viewing at the Executive Committee meeting as a one-time measure.

Further, upon his official request, Dr. Chaitanya Babu personally visited Guntur and verified the entire accounts from 2018 to 2025 in the presence of the President, Secretary, Treasurer, and Former Treasurer Dr. Nandan. All relevant bills and ledgers corresponding to his queries were duly shown to him. The same was subsequently presented before the Executive Committee, and the matter was resolved to the satisfaction of all members.

10. Appointment of Legal Advisors

To ensure proper legal guidance and support for the Association's activities and governance, legal advisors have been appointed for IAOMP. Their role includes addressing legal queries, reviewing important documents, and safeguarding the Association's interests in all official matters.

11. Amendment of IAOMP Bylaws

The IAOMP Bylaws were modified, added, and amended during the Extraordinary General Meeting (EOGM) held at Kolkata. These amendments were made to ensure better administrative clarity, improved governance, and alignment of the Association's operations with current professional and organizational needs.

12. Curriculum Reforms Workshop

A Curriculum Reforms Workshop was conducted at Kusumdevi Dental College, Kolkata, reviewd the UG syllabus and teaching

To be passed in Vijayawada AGM

patterns and placed a draft proposal to be given to DCI or NDC in future.

13. IAOMP Newsletter

It was proposed to launch a quarterly IAOMP Newsletter to enhance communication among members, highlight achievements, share updates, and foster a stronger sense of community within the Association.
Dr. Prem Karthik has voluntarily accepted to serve as the Editor of the IAOMP Newsletter.

14. Online IAOMP Webinar Series

Apart from national CDE programs, the IAOMP Webinar Series has been initiated online under the banner of the Indian Association of Oral and Maxillofacial Pathologists. The webinars were coordinated in an exemplary manner by Dr. Leena Shankari and Dr. Swethasree.

15. Seminar Competitions for Postgraduate Students

Seminar Competitions for postgraduate students were successfully conducted to encourage academic participation and presentation skills.
The event was coordinated by Dr. Aaditya Urs, Dr. Sharadha, and Dr. Bushra, who efficiently organized and managed the sessions.

16. Dr. Aditya Urs and Dr. Deepika Misra were requested to attend the National Oral Health Program organized by the Ministry of Health and Family Welfare at Delhi, representing IAOMP.

17. Disciplinary Action – Dr. Bhuvan Nagpal

In response to multiple email communications from Dr. Bhuvan

To be passed in Vijayawada AGM

Nagpal, which cited statutory provisions and demanded access to historical documents of the Association, the Executive Committee noted that his correspondence consistently reflected an adversarial and accusatory tone rather than a constructive or collegial approach. After careful review and deliberation, the Executive Committee initially issued a Show Cause Notice, and subsequently suspended his membership with a right to appeal with in 15days based on the following provisions of the IAOMP Bylaws:

- Bylaw 11(c): His actions were deemed to violate the objectives of the Association and demonstrated a disregard for the rules, regulations, and decisions of the Executive Committee.
- Bylaw 11(f): While holding a leadership position as the Founder-President of another organization (e.g., POPMA), he engaged in repeated unsolicited demands for official documents and imposed arbitrary deadlines on IAOMP — actions perceived as adversarial in nature, disruptive to the normal functioning of the Association, and detrimental to its objectives, interests, and institutional autonomy.
- Bylaw 11(g): He was found to have engaged in anti-propaganda and public communications that were detrimental to the reputation and image of IAOMP.

Resolved that, since no appeal has been filed by Dr. Nagpal within the given time, his suspension is confirmed and shall remain in force until further review or action.

To be passed in Vijayawada AGM

The Executive Committee reviewed, noted, and approved the above actions. All decisions and activities were recorded in the minutes and ratified by the Committee as per the IAOMP Bylaws and established procedures. So, to conclude, Hon. Secretary mentioned that the executive committee reviewed and noted and approved the above actions and ratifications of the projects. A few of them need to be discussed in the house for constructive opinions.

The first which he discussed among them is the formation of the state chapters, which it was decided to be executed after a prolonged detailed discussion in the EC meetings. For example, in the name of Karnataka state chapter, Tamil Nadu state chapter etc, the guidelines for which have already been circulated as it was discussed and decided in the EOGM and this will have a great impact on development of the association and secretary requested the floor to discuss and decide about the same. He further stated that a state chapter committee will be formed and based on various guidelines received from various states which will be obtained on secretary's email will be forwarded to the State Chapter Committee. They will undertake the necessary process and later on an acceptance letter will be handed to the new state chapter branch. Thereafter, Dr. Alka Kale inquired if there should be a central committee who should be scrutinizing the applications which will be received. Further Dr. Rajiv Desai sir opinioned that in case the establishment of state chapters are done, the major central events and programmes should not get hampered or diluted.

Thereafter, Dr. Vanaki gave his opinion that a decade ago, when Dr. Kumar sir was the President and he was given the chance, it took so much of pain to form the guide lines which was approved in EC but was not approved in the AGM but still a few states started the state chapters

To be passed in Vijayawada AGM

although not official but they are doing well and this will not hamper any functioning by the head office and this will also provide an opportunity to youngsters as an encouragement. He also stated that it is more important to make events more technically oriented and how it would help them in practice. He further stated that this was also discussed in the workshop that was held it in Kolkata and it should not hamper any main events and the PG convention and the national conference should be the main aim. Thereafter, Hon. Secretary stated that in the state chapter guidelines it is clearly given that they may conduct CDE programmes, workshops and other activities but only the head office will be conducting the PG convention and the National conferences and all the state chapters should show their participation in these important events. So the state chapters initially don't have permission for conferences or conventions. Thereafter, Dr. Chaitnaya Babu questioned the disparity in the state chapters to conduct their own conferences as other branch associations which was in turn clarified by Hon. Secretary that we are not in competition with, or concerned about any other association and IAOMP is concentrating in improving its own strength. Thereafter, Dr. Sreenivas Vanaki clarified that if other states are doing it, let them proceed with it but if done under the roof of IAOMP it will be more authentic and official and will attract more members.

Then secretary further mentioned regarding the state chapter guidelines upon which Dr. Veerendra Kumar mentioned that the state chapters cannot conduct National conference and PG Conventions. Dr. Alka Kale and Dr. Sreeniwas Vanaki mentioned that each one should go through the guidelines circulated to each one of us and then help in

To be passed in Vijayawada AGM

further improvement and suggestions in the guidelines to make it better.

Dr. Dipto Dey suggested that the dates should not conflict upon which Dr. Rajiv Desai commented that nothing should be conducted two months before any national event.

Further Dr. Ranganathan mentioned that the days and sessions in the CDE program and UG programs need to be clearly mentioned to avoid further confusion

Dr. Shaleen Chandra then raised query upon Dr. Bhuvan Nagpals suspension that whether it was done in accordance with these bylaws, upon which secretary Dr.N. Gururaj clarified that the decision was taken based on the registered bylaws in Chennai and is not dependent upon the amendments discussed at the moment and it was passed based upon the registered bylaw of Chennai.

Dr. Shaleen Chandra also enquired regarding the permission of registration of society in Chennai and the year and time of the AGM due to his unavailability upon which Dr. Nadeem jeddy the then secretary informed that all the decisions were taken as discussed in the previous AGM.

Dr. Veerendra Kumar mentioned that the office needs to be where the secretary resides upon and had previously been changed, for which Dr. Shaleen further stated that in the previous bylaws it was stated that the registration office is in Mumbai and the place could not be changed and only the AGM has the authority to change the registration office and not the executive committee.

Dr. Gururaj, Secretary, clarified that the procedures were undertaken solely to safeguard the Association and protect its interests and welfare.

To be passed in Vijayawada AGM

In response, Dr. Shaleen Chandra sought clarification on whether the prescribed procedures had been properly followed and why the office was shifted from Mumbai to Chennai. Dr. Gururaj then requested Dr. Nadeem Jeddy, the then Secretary, to briefly explain the matter. Dr. Nadeem Jeddy addressed the members from the floor and read out the following points along with Dr LalithPrakash.

Dr. Nadeem Jeddy and Dr Lalith detailed the proceedings of registration. He said that the Association was originally registered under the name **Indian Association of Oral Pathologists (IAOP)** and subsequently came to be known as the **Indian Association of Oral and Maxillofacial Pathologists (IAOMP)**.

In April 2021, the Association received an email from the State Bank of India, Chuttugunta Branch, raising an objection during its annual audit regarding a discrepancy between the name appearing on the PAN card submitted to the bank and the name under which the current account was maintained.

The bank's communication stated as follows:

***"During the Yearly Audit the following discrepancies were pointed out, with reference to the captioned current account in the name of Indian Academy of Oral and Maxillofacial Pathologists : Name differs from submitted PAN card. We refer to our earlier correspondence for submission of updated PAN Card. We are yet to receive the same.***

***We request you to arrange for the same immediately as the same has to be submitted to Audit dept for compliance failing which the account will be frozen. Kindly treat the matter as most urgent."***

This communication highlighted the need to resolve the discrepancy between the existing PAN documentation and the name under which the bank account was maintained, to avoid disruption of the

To be passed in Vijayawada AGM

Association's financial operations.

The matter was brought to the attention of the Finance Committee and the then Executive Committee. Subsequently, Dr. P. Nainani, the Immediate Past Treasurer of the Association, was approached for assistance in identifying an appropriate solution.

Dr. P. Nainani contacted the Income Tax Department in Mumbai, where the Association's earlier registration was understood to have been maintained. During these enquiries, he was advised to approach the relevant registration authority in Mumbai regarding the change of name.

Dr. P. Nainani subsequently contacted the concerned registration authority and was asked to produce the resolutions relating to the change of name reportedly adopted at the Annual General Body Meetings associated with the 2001 conference at Pondicherry.

However, the relevant resolution documents could not be located in the Association's available records at that time. Consequently, the proposed course of correcting the existing registration and PAN documentation encountered significant documentary and procedural difficulties.

Several further enquiries were made to explore the possibility of changing the existing PAN documentation from the earlier name, IAOP, to IAOMP. Following these enquiries, it was understood that a fresh registration and a new PAN card in the name of IAOMP might provide an alternative means of addressing the discrepancy.

In view of the bank's audit objection and the warning that the account could be frozen, it became necessary to explore arrangements for safeguarding the Association's funds and ensuring continuity of its financial operations.

To be passed in Vijayawada AGM

These efforts were undertaken in response to the practical difficulties arising from the discrepancy in the existing registration and PAN documentation, with the intention of safeguarding the Association's funds and preventing disruption of its financial affairs.

The matter was examined during the COVID-19 period, when restrictions and other practical difficulties affected the ability to complete the necessary formalities.

The possibility of pursuing registration through the central-level mechanism and the relevant state-level registration process was considered. The central-level route was understood to involve considerable time and procedural challenges.

Further, the President, Secretary and other office-bearers were residing in different parts of the country. Coordinating documents, signatures and other formalities was particularly difficult during the COVID-19 restrictions.

Considering the urgency of resolving the discrepancy, the practical difficulties involved and the need for a workable solution, the available options were discussed at the Executive Committee level. It was decided to pursue the registration process in Chennai, where the Secretary was residing and could coordinate the necessary formalities more readily.

The decision was intended to address the administrative and financial documentation difficulties and facilitate the maintenance of appropriate registration and tax records. Dr Nadeem Jeddy further stated that in 2021, since it was COVID time, they had conducted an online EOGM and the permissions were taken.

At the relevant time, Dr. Sushmita Saxena was serving as President of

To be passed in Vijayawada ACM

Indian Association of Oral & Maxillofacial Pathologists

the Association and was residing in Delhi, where she was employed in the government sector. Due to the COVID-19 restrictions and associated travel difficulties, she was unable to travel to Chennai to personally attend to the registration procedures and sign the documents required for the process.

In these circumstances, Dr. Ranganathan, a senior member and advisor to the Association, extended his assistance in facilitating the registration formalities.

An application was submitted to the concerned registration authority in Chennai in August 2021, with Dr. Ranganathan's name recorded as President in the registration documents, according to the information available. The consent of Dr. Sushmita Saxena, the then President of the earlier Association, was also obtained in connection with the proposed registration, subject to verification against the relevant records.

The names and designations recorded in the registration documents should be considered in the context of the circumstances prevailing at the time, the consent and authorizations actually given, and the applicable registration requirements. The relevant documents should be referred to for determining the precise nature and scope of the arrangements made.

This explanation is intended to describe the practical circumstances surrounding the registration process. It does not, by itself, determine the legal status of any appointment, authorization or relationship between the earlier and subsequent registrations.

According to the information available, the registration under the name **Indian Association of Oral and Maxillofacial Pathologists (IAOMP)** was approved in February 2022.

To be passed in Vijayawada AGM

Subsequently, a fresh PAN card was obtained in the name of IAOMP, and a new bank account was opened with Union Bank of India, Shyamala Nagar Branch, Guntur.

The objective was to address the discrepancy between the earlier PAN documentation and the name under which the Association intended to maintain its financial records, and to facilitate the proper administration of its funds and other affairs.

The registration and PAN formalities were undertaken with the intention of resolving the administrative difficulties that had arisen and enabling the Association to maintain appropriate documentation for its banking and tax-related requirements.

The legal implications of the fresh registration, including the relationship between the earlier IAOP registration and the subsequent IAOMP registration and the treatment of the Association's assets, funds and liabilities, must be understood with reference to the applicable documents, resolutions and legal requirements.

The steps described above were undertaken after consultation with legal professionals and chartered accountants, with the intention of identifying an appropriate course of action to address the registration and PAN discrepancy.

The process was pursued in the context of the bank's audit objection, the unavailability of the historical name-change resolution documents, the practical difficulties prevailing during the COVID-19 period and the need to safeguard the Association's funds.

The purpose was to identify a workable solution to the administrative and financial documentation issues confronting the Association. The precise advice obtained and the scope of the professional consultations may be established with reference to the relevant correspondence,

To be passed in Vijayawada AGM

Indian Association of Oral & Maxillofacial Pathologists

written opinions and records available.

The steps taken in connection with the registration and financial arrangements were subsequently explained at the AGM held during the IAOMP National Conference at Dehradun in 2022.

Dr Lalith mentioned that subsequently Dr. Nadeem Jeddy and Dr. S. R. K. Nandan, who were serving as Secretary and Treasurer respectively, visited various banks in Mumbai with the assistance of Dr. [illegible] Mainani to facilitate the transfer of funds to an appropriate bank account.

The proposed fund transfer was supported by a resolution passed at the AGM held in Trivandrum in 2019. Following the necessary enquiries and banking formalities, the transfer process was completed in December 2022

Thereafter, Dr. Shaleen Chandra said that he is not questioning the reason but the method and clearly stated that the intent was not questionable but the method followed.

Finally, Hon. secretary stated that It is also pertinent to note that reviewing the audited financial statements and identifying discrepancies is a collective responsibility of successive office-bearers and members. This issue was not raised during the earlier AGMs, despite the availability of audited statements. The corrective steps subsequently taken involved considerable effort to resolve this longstanding problem and safeguard the Association's interests. It is therefore respectfully requested that these efforts be viewed in their proper context and appreciated constructively, rather than questioned in isolation.

Dr. Ranganathan then stated that it was done with the best of intentions and the contention here was that the rules were not followed. But the

To be passed in Vijayawada AGM

only answer to that is they were very extraordinary circumstances and it had to be taken in the better interest of the association and explained that nothing went wrong and we need to learn from this experience,. Thereafter, Dr. Jayanta commented that it cannot be ratified as it was already ratified in 2022. After a discussion it was decided to ratify it to avoid further chaos that further confusion may be avoided on this.

**The matter regarding the action taken report by Dr. N.Gautami was ratified and passed by members at the AGM.**

Then Hon. Secretary mentioned to introduce sports activity in PG Convention or faculty and students and we can start with small games like shuttle, carrom, chess or cricket like that and only the lunch and snacks will be provided by our IAOMP to maintain unity and some enthusiasm among all the members. Also it can attract more registrations who are conducting the convention also with huge gatherings. Upon this Dr. Kale sir also mentioned that it can be left on the organizing committee and she highlighted that every university is forced to conduct all these activities for students because it's a UGC requirement, it is a college requirement, it's a NACC requirement and so if we have it during the scientific convention, it will be very time consuming and it will be a burden on the organizing people if they don't have the resources.

But then the house decided to go for a trial of sports activities and leave it to the organizers. He also highlighted that as per auditors advise it was learnt that every year the association needs to spend 80-85 percent of income on various activities and hence these activities can be promoted.

To be passed in Vijayawada AGM

Dr. Rajiv Desai suggested a faculty exchange programme similar to the student exchange programme and IAOMP can decide upon the number of programmes and spend some fund on it. Thereafter, Hon. secretary further mentioned that guidelines on this will be made and included s an amendment in our bylaw. Dr. Rajiv Desai further asked if separate corpus funds can be allotted to separate activities and will be easy in future functioning.

Further secretary spoke about Cover U, which had a tie-up with IDA and other associations. members who do not have any professional indemnity amount of 10 lakhs of free professional indemnity of Rs. 10 lakhs could be provided, but the number of years need to be decided with those particular people. I told them, we have discussed with the EC members. If any interested members is there, then we will give a contact to them and they can approach them personally. But then the house collectively decided not to proceed with the proposal because the data of our members may be misused. It was then decided to include the information on the website of our association.

Then further Dr. Umesh enlightened the house on 23rd National PG Convention on 5th, 6th and 7th June 2026 and sought the permission of the AGM to approve the registration details which was Rs. 5000/- for PG Students and Rs. 6500/- for faculty members. After the early bird the revised tariff was announced to be 6500 for PGs and 8000/- for faculty and the spot registration fee was fixed at Rs. 7500 for Pgs and Rs. 8500/ for faculty.

Dr. Chaitnaya Babu stressed to keep the convention for one and half days and maintain the quantum of lectures. The entire convention organizing team was introduced later to the house and places of

To be passed in Vijayawada AGM

accommodation were displayed. The brochure of the convention was released.

The next agenda was discussed by treasurer regarding the accounts for the year 2024-25. He mentioned that till date our association has, including Life and Student Members, a total of 4733 which includes many defaulters are trying to find out and we are trying to convert them into life members. Many addresses, telephone numbers, and email IDs of members are wrongly provided and are working to rectify of the same and make the registry as early as possible. It was also asked if the audit was circulated in hard copies upon which Dr. Nadeem jeddy said that the matter was discussed earlier that it will only be emailed to the members and not to be displayed on the website. Dr. Chaitnaya Babu further stressed that the audited accounted should be displayed on the website and members should be kept informed about it. Finally, it was decided that the Association's website would remain open to the public for accessing general information and official updates. A separate members' login facility would be provided to access restricted documents, including audited financial statements. Members would log in using their registration number (digits only) as the username and their registered mobile number as the password. The audited account details would be made available through this members' login for the information and perusal of all members.

Further Dr. Veerendra Kumar mentioned that if the unaudited accounts from April 2025 were passed in the AGM and the balance should also be disclosed to all.

The treasurer further mentioned the total current balance as of now in our account, is Rupees 18,11,845 in our current account and a new JOMFP account has been opened separately just to run the JOMFP

To be passed in Vijayawada AGM

Indian Association of Oral & Maxillofacial Pathologists

related expenditures and transactions. So henceforth all the members who are paying for the JOMFP the money goes into that particular account only. So it will be totally a separate account and will be easy for us to do all the auditing and all other purposes. The balance in this account is rupees 4,66,205 /-. The balance in the Family Concern Scheme is 1,25,554 with interest of around Rs. 80,000/-.

He further mentioned that the association currently holds seven FDs opened till now, out of which two FDs are in the name of Family Concern Scheme and four FDs are in the name of our IAOMP, then one FD, each of them are of 25 lakhs, all of them are term deposit each of which is for a period of one year, and will be renewed annually. So once in every year we will be renewing that. So the audited financial statement, in that it is mentioned that our corpus fund is around 1 crore 73 lakh 53 thousand,563 rupees which includes the FDs. He also asked for permission to open another FD for amount of rupees 20 lakhs whose interest will be incurred in the IAOMP main account only. He also mentioned that all the FDs are in the Union Bank of India. the audited financial statement along with IT acknowledgement has also been circulated. the taxable income was Rupees4,57,240 and the net tax payable was computed as Rs. 8,176 is the only payable income tax. Since, we have paid a lot of TDS as an advance tax to the income tax department, it was Rupees 1,91,140/- was paid as an advance tax. So a refund of 1,82,960 was obtained and no further tax was payable for the year.

Further, discussions regarding the procedural errors were mentioned by Dr. Chaitnaya through his previously submitted letter. That the letter had not been addressed and that letter was discussed in the EC meeting and ratifying it without informing the EC members. He also

To be passed in Vijayawada AGM

stated that he had written a letter about that and he was told that he has put it in social media and it was discussed but, It was not put in social media and was just shared to the EC committee only in good faith. Hon secretary upon this explained that in the previous AGM of Kodaikanal, Dr. Nandan answered Dr. Chaitanay babu queries through email. Then he sent a mail. Which was read in the second EC meeting in Madurai. Further questions were addressed at shown that Kolkata EC meeting. Later on the documents were handed to Vanaki Sir, later again the documents were assessed in Guntur. Thus a member was permitted to look into it transparently were all the ledgers, bills and everything was shown. After which we had conducted a EC meeting, after viewing that, he gave some points to clarify. That we have discussed in the EC Meeting where the president has decided that there are no misappropriation of funds but it was only few procedural lapses. Further r. Rajiv Desai pointed out that if it is a procedural error then it should not be repeated in future. Dr. Chaitnaya also commented that many bills were not regular and to comment as if everything is nomal is not a good thing.

Further Dr. Alka Kale mentioned that Dr. Chaitanya's point was well taken. There were certain discrepancies in the cash transactions which were done, voucher signatures and it was decided that in future, voucher signature amount should be restricted to not more than 2,000 to 3,000 or maximum of Rs. 5,000 can be the voucher signature. Because those are small expenditures and it is not possible to retrieve bills. Even if unintentionally thing have happened we need to take care that it is not repeated again. She also stated that many a times certain things are done in good faith and good understanding of the association and we should be accepting it.

To be passed in Vijayawada AGM

Finally, it was decided that all audited financial statements would be uploaded to the Association's website and made accessible to members through their individual member logins. Members wishing to verify the accounts may contact the Treasurer or the Association office and arrange to inspect the relevant records, subject to mutually convenient timing. Such verification may be undertaken during the PG Convention, AGM, or at another mutually convenient time.

Secretary also mentioned that for official purposes, he has spent around 21,000 rupees from the beginning for various printing of the documents, for the bylaws and lot of other works in that Rs. 6,000/- which was advocate consultation fee as a legal opinion, for that is without any receipts and EC approval was obtained from the EC. The treasurer further explained that totally 21,000 he been claimed and it has been reimbursed it by NEFT for which receipt has been produced for Rs. 15, 000/-.Secretary also mentioned regarding the expenses incurred by Dr. Lalith during airport luggage overweight transfers and it too needs to be approved by the house.

Further Dr. Lalith also mentioned that in our bylaws, it has been very clearly mentioned there is an imprest amount of 50,000 rupees of cash which can be taken once in three months upon which he obtained a positive clarification from the house that it can used and receipts if produced need to be submitted within three months and his cash is utilized it needs to be informed to the secretary and president in writing.

Further Dr. Lalith also spoke regarding maintaining a standard format to open an account for either a conference or a convention which should be linked to the original bank account with common CIF only and since we have an account in the Union Bank of India, we have one

To be passed in Vijayawada AGM

particular CIF and all accounts opened till now are under that particular CIF. So everything is transparent it is mentioned is either that particular person, those conducting a conference or convention, if they want to use our bank card, they can use it. Otherwise, they can use their bank card and they have to submit the account statement of that particular account of last six months.

Dr. Sivapathasundaram enquired if the IAOP PAN card is submitted upon which Dr. Lalith clarified that it can't be surrendered because of the IT department notice and the ongoing case and If the association succeeds in the case, then there won't be any taxation and if we lose then we may have to pay that the amount determined by the Income Tax Department.

Secretary Dr. Gururaj also further clarified that there is only one active PAN card in the name of IAOMR. He also mentioned that he might in future need to travel for official purpose to Mumbai regarding financial matters and asked permission for the same.

Dr. Sivapathasundaram commented that the profit collected in the conference can be utilized for the benefit in many forms upon which Dr. Alka madam suggested that some amount of seed money may be allotted in addition to the nonrefundable amount for the conference she also commented that we have got many schemes which can be utilized and experimented for a year. Dr. Ranganathan suggested that the amount can be spent on guest speakers, travel reimbursement to pay for the speakers so that the organizing committee does not have to bear the financial burden and inviting some speakers of good repute. So at least TADA part of the association can take care of it, it will be of good help and the amount of speakers can also be effectively decided for that particular conference depending upon the profit in the

Indian Association of Oral & Maxillofacial Pathologists

conference. Dr. Rajiv Desai also suggested than good speakers can be invited from abroad from the same. Dr. Lalith further explained that membership income/corpus should never be used and that whole amount has to be retained and conference surplus can only be obtained if the organizers are using the association PAN card.

He later spoke about the 33rd National Conference of IAOMP at Vijayawada and finalized the tariff after many discussions and changes in the registration charges and was decided as Rs.:10,000/- for PG students and Rs.: 14,000/- for staff delegates without accommodation. It conference will be conducted in a convention center and many places to stay are available ranging from low to high-budget hotels which will have to be booked by the delegates on their own. The conference flyer was released along with the conference secretary Dr. Ranganathan.

Later the election officer Dr. Varun was called for his proceedings, after thanking the office for nominating him, he informed that nominations for president elect only one nomination of Dr. Sivapathasundaram was received and the house applauded him for his new post as president elect 2026. For the post of vice president elections, the nominees were Dr. Vishnudas Prabhu, Dr. Govind Raj Kumar and Dr. Umesh Chandra Prasad. The election was conducted and the results would be released before the valedictory function. For the post of Joint Secretary, the nominees were Dr. Dipto Dey and Dr. Sahana Ashok for which there was an election held who results would be disclosed during valedictory function and for Webmaster, it was Dr. Pradakshana as she was the only one who had applied. The Ec members were selected unanimously, as dr. maya ramesh was not present physically and Dr. Dinesh Kumar and Dr. Himani have withdrawn their nominations and the application of Dr. Manish Bhargav

To be passed in Vijayawada AGM

was rejected as it did not comply with the bylaws. The names of EC members were called out as Dr. Leena Shankari, Dr. Lavanya. Dr. Punya Dr. Surjit, Dr. Jayanto, Dr. Namrata,Dr. Sai Krishna, Dr. Bushra, Dr. Shwetha, Dr. Sharda, Dr. Sabrinath, Dr. Aadithya, Dr. Prem Karthik, Dr. Supriya, Dr. Nithya, Dr. Dinesh Shankar, Dr. Rudra Prasad, and Dr. Akshay Bhargav.

In any other matter with the permission of the chair Dr. Sivapathasundaram suggested to upload the minutes of the meeting to the website. So that all the members can review them after each meeting and place them for ratification. Later secretary asked for permission to officially attend the Triple O Conference/ IDA HO programs on invitation upon which Dr. Alka Kale mentioned that if the president and secretary is invited and felicitated, they should be encouraged to attend the conference and the association should bear the flight travel and accommodation expenses. The members agreed and granted the same.

Finally, secretary Dr.N.Suruiraj thanked Dr. Devicharan Shetty for the conference and the President Dr. Vanaki for remaining a guiding force of the office. Hon. President Dr. Vanaki thanked the house and the meeting was adjourned.
